9. Groups
   - Staying connected in Google groups

- Product

1. Create a Google Site for a unit relative to your subject. In the Google site include:

   - A Gmail Address

   - Times available for Gmail chat

   - Images, Videos and/or Map which you found through Google-images, videos & maps.

   - Include a Google Calendar onto the site, showing assignment dates

   - Create a Google group for this unit which you encourage students to visit on your site.

   - Assignment posted on site: Using Google docs create a presentation on a topic which was covered in this unit.

   (Choose 3 of the 6 to complete)
