Wikis in the Classroom
July 21, 2010
10:00 a.m. - 12:00pm

10:00 – 10:15 What is a Wiki?

10:15 - 10:30 Showing the options
  - Implementing wiki into your lessons
  - How students can implement it into their lessons
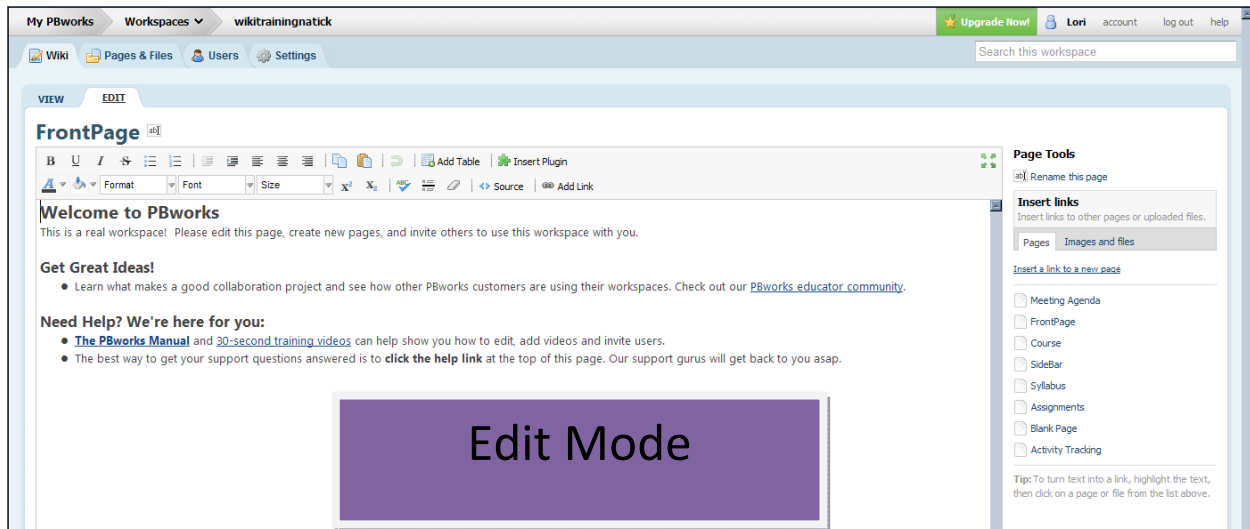

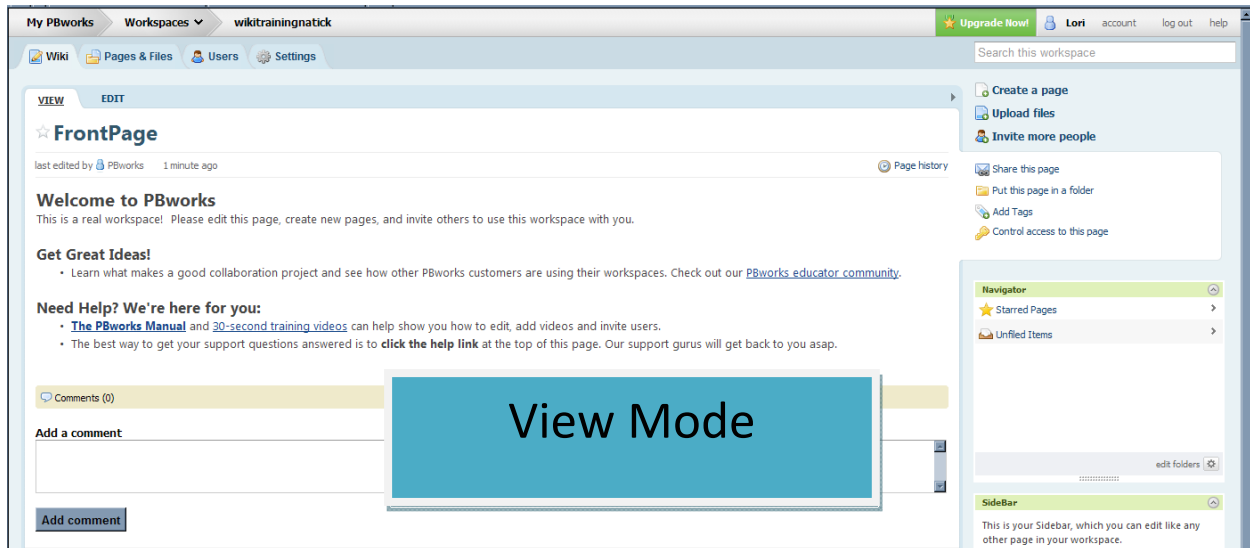

10:30 - 11:30 Moving around pbworks.com

11:30 - 12:00 Explore!!

1. What is a Wiki?
   - *Reference:* Wikis in Plain English, video
   - Program to use: www.Pbworks.com

2. Showing the options
   - Implementing wikis into your lessons
   http://advancewebdesign.pbworks.com/
   - How student can implement wikis into their work
   http://historyoftheinternet2.pbworks.com/
   - Advice from PBwiki
   http://pbworks.com/content/edu-classroom-teachers

3. Setting up your account?
   - For Education → Sign up → Basic
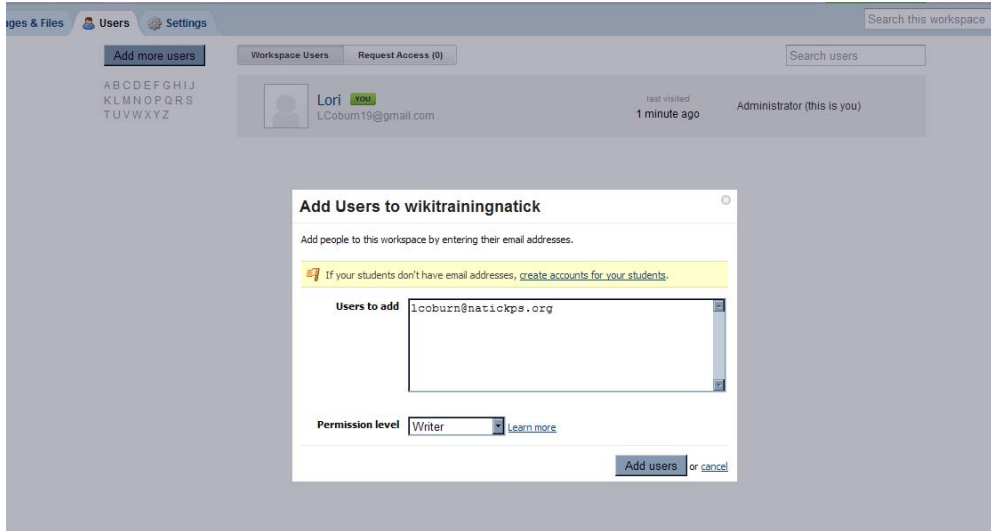

4. Wiki as an administrator (setting up your wiki)
   - View vs. Edit
   - Working in Edit: text, images, videos, links to pages & helpful pages

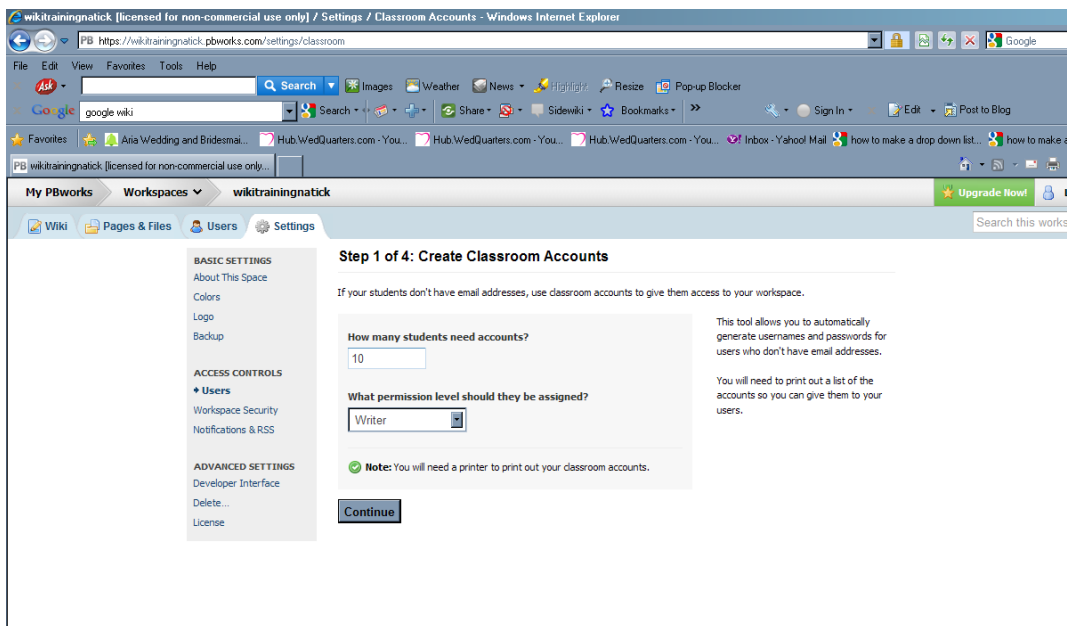

View Mode

Edit Mode

- Working in view: Create a page, Sidebar & Layout
- Settings: Colors, Security & **Users**

- Users:

If your students do have an e-mail address

If your students do not have an e-mail address

- Product

  Create a Wiki account and wiki home page which focuses on a unit which you cover in your class. The wiki should include:

  - Home page with an introduction to your wiki space

  - One image or video on home page

  - A link to four additional wiki sub-pages (the wiki sub-pages do not need to have anything posted on them, the students will do that part!)
