What to Do While I am Out

Advance Web Design I & II
October 27, 2015

For any additional instructions on the items listed below see the "Student Resources" page for Intro. Web Design
  (http://mrscullen.com/studentresourcesadvweb1.html) or
(http://mrscullen.com/studentresourcesadvweb2.html)

• **Advance Web Design I**

1. Use class time to finish editing your photos for the Photoshop Portfolio project. If you do not have your photos available (this is a lesson to save your files to a flash drive) then work on creating your portfolio in Adobe Bechance (https://www.behance.net/.) Remember you need 4-6 sentences for each photo. Describe where the photo was taken, what edits you made to the photo and why you made those edits. Remember to look over the project rubric!
Assignment and Rubric:
http://mrscullen.com/images/behanceportfolio_fullassignment.pdf

2. If you are done creating your portfolio complete the "Design and Photography Principles Writing Assignment." This was due yesterday but I did not get it from many people. So make sure it is complete by the end of this block.

• **Advance Web Design II** - Build! Build! Build!

1. Work on completing the Review and Know assignment. Upon my return I will provide you with the needed information to upload your files onto the ftp. Remember to look over the rubric.
Assignment and Rubric: http://mrscullen.com/images/reviewandknowassignment.pdf

2. Once you complete the Review and Know assignment you all have individual assignments you can work on: professional site proposal, start building your professional site, complete domain #3 or ch. 3 .

* Keep in mind as I told you the Tech department and myself can see the activity on your computer at any time. You should stay focused on the task at hand because you never know if anyone of us is watching you- do not give of us a reason to have to watch you!

NO PLAYING VIDEO GAMES! If I get any reports of video games being played a written reflection on Photoshop will be assigned.
