

Advance Web Design I

Week Outline

October 24 - 28, 2016

Objectives: (Design Principles)

1. Students will be able to demonstrate through the creation of a Google Drive presentation and design principles can affect the attraction and usability of a Website.
2. Students will be able to communicate their knowledge of how to apply photography composition, trends and design principles when designing an attractive .html file through submitting class notes and completing a formative assessment.
3. Students will be able to identify through already published files that of poor design and of well focused design by determining the use of photography composition, design principles and trends while being able to identify how each element added to the negative or positive layout of the file.

Objectives: (Adv. Photoshop)

1. Students will explore and learn the advanced features in Photoshop through instructional lessons from the teacher and reading the e-published Photoshop chapters.
2. Students will use advance features in Photoshop and following the rule of design principles to edit digital photos to add to the attractiveness of a Website.
3. Students will display their work in a visually appealing Adobe Bechance portfolio.
