What to Do While I am Out

Advance Web Design I & II
Tuesday: November 5, 2013

1. **Advance Web Design I** - Use class time to start building/designing for the "Bringing it All Together" Home Page.

   In the Classroom Resources:
   1. Bringing it All Together, Home Page Rubric
   2. Start Building!

 ** At the end of class in a Google Doc you must share a screen shot with me of what you accomplished during class time. Title the Google Doc: Adv. Web I, Bringing It All Together (BIA) Home Page Start. This will be entered as a classwork grade in Term 2.

2. **Advance Web Design II** - Complete phase 2 of the Project Management. You can create a wireframe and site map on cacoo.com if you do not have access to the iPads. Also, do not forget to complete the reflection (which is listed on the last page of the link.)

In the Classroom Resources:
1. Project Management Process (page 5 and beyond)
2. Start Building!- if you get to this point.

- If you have issues with the above assignment which is due by Friday work on Domain #5 or if you are done with phase #2 start building! The reflection part will be entered in as a test grade.

 ** At the end of class in a Google Doc you must share a screen shot with me of what you accomplished during class time. Title the Google Doc: Adv. Web I, While Out. This will be entered as a classwork grade in Term 2.

* Keep in mind as I told you the Tech department and myself can see the activity on your computer at any time. You should stay focused on the task at hand because you never know if anyone of us is watching you- do not give of us a reason to have to watch you!

NO PLAYING VIDEO GAMES! If I get any reports of video games being played a written reflection on Photoshop will be assigned.
