Adv. Web Design I
WHAT TO DO WHILE I AM OUT
May 16, 2014

1. Priorities to Work on During Class Time
   * For any additional instructions on the items listed below see the week outline or "In the Classroom"

   - Start building the home page for your educational site! At the end of class send me a screen shot in a Google Doc titled "Adv. Web 1, Home Start" of your progress. If you need any guidance in Dreamweaver watch the following videos which are linked "In the Classroom": 1. Dreamweaver Tutorial #1 by Mrs. Cullen & 2. Dreamweaver Tutorial #2 by Mrs. Cullen

   (*Before building your page create your root folder for your site and then watch video #1 on how to set up your site in Dreamweaver. Be sure to include reset.css in your css folder. You can duplicate the reset.css file you already have on your computer into your new root folder.)

   - Wiki Entry #8

   * Keep in mind as I told you the Tech department and myself can see the activity on your computer at any time. You should stay focused on the task at hand because you never know if anyone of us is watching you- do not give of us a reason to have to watch you!

NO PLAYING VIDEO GAMES! If I get any reports of video games being played a written reflection on the class this semester will be assigned.
