

Advance Web Design 2

Week Outline
May 18 - 22, 2015

Objectives: (Professional Site)

1. Students will be able to successfully use files from the planning state (site map & wireframe) to create an informative and user-friendly professional Website.
2. Students will use Adv. features in Dreamweaver from the Review and Know assignment to create a more professional functioning Website.
3. Students will use multiple applications from the Adobe suite and Google forms to create images, designs and media to be placed on an interactive Website.
4. Students will develop project management skills, which include organization, communication, time management and structure.
