**WHAT TO DO WHILE I AM OUT**  
May 27, 2014

1. Priorities to Work on During Class Time

*\* For any additional instructions on the items listed below see the week outline or "In the Classroom"*

**Building Your Side Pages!!**

1. Start to create the side pages for your professional site from a template.

- If you need help watch any of the Dreamweaver Video tutorials posted "In the Classroom"
  
- Please review the Professional Site Mid-Check - Rubric which is listed "In the Classroom" for side page requirements
  
- To submit: At the end of the class submit a screen shot of what you accomplished in class in a Google Doc titled "Class Name, Site Progress"

*\* Keep in mind as I told you the Tech department and myself can see the activity on your computer at any time. You should stay focused on the task at hand because you never know if anyone of us is watching you- do not give of us a reason to have to watch you!*

**NO PLAYING VIDEO GAMES!** If I get any reports of video games being played an additional written reflection will be assigned.
