

# What To Do While Out

## *iPad Publishing*

*Tuesday: November 5, 2013*

1. Explore through the following Website, <http://www.magplus.com/playlist/showcases-apps/> by watching a minimum of ten video captures of the Showcase Apps featured on the linked page above (you can watch more than ten) and then answer the questions on the “Exploring Worksheet” which is linked in the Classroom.

The video captures you will watch are showcasing iPad Magazine Apps which will be very similar to the final product you will be creating in this class.

Resources from “In The Classroom” to Complete the Assignment Above:

- Mag +
- Exploring Worksheet

Problem Solving if Videos will not Play:

- Log into the YouTube filter
- Try a different browser
- Update your Flash Player in Self Service

2. If you finish the assignment above you may try to create a Static Content page on your own in InDesign- Review from last unit! Or you may also try to move ahead by watching one of the video tutorials in the file “Video Tutorials on all Dynamic Content Pieces” and create your own dynamic content file (example: buttons, scrolling text, slideshow...)

Resource from “In the Classroom” to Help Start the Assignment Above:

- Video Tutorial on all Dynamic Content Pieces

*\* Keep in mind as I told you the Tech department and myself can see the activity on your computer at any time. You should stay focused on the task at hand because you never know if anyone of us is watching you- do not give us a reason to have to watch you!*

*\* NO PLAYING VIDEO GAMES! If I get any reports of video games being played a written reflection on Design Principles will be assigned.*
