

# iPad Publishing

## **Week Outline**

*February 9 - 13, 2015*

**Objectives:** (Introduction and Understanding of Semester Keywords)

1. Students will be able to demonstrate through writing and a formative assessment how the six stages of print and digital publishing has lead to the establishment of iPad Publishing.
2. Students will be able to describe through class notes the process of production and communication of literature, music and information. The activity of making information available to the general public.
3. Students will become a master on the knowledge of one time period pertaining to desktop publishing and will be able to present their knowledge of their assigned era to the class using a Google site.
