iPad Publishing

Week Outline
May 15 - 19, 2017

Objectives: (Dynamic Content)

1. Students will be able to work with the folio overlay and folio builder panel to create interactive (dynamic) content in InDesign which will then be viewed through Adobe Viewer on the iPad.
2. Students will understand the benefits of each dynamic content option and when it is suitable to apply each piece.
3. Students will demonstrate their knowledge of creating dynamic content pieces through creating digital tutorial on "Interactive Files for Adobe Viewer."

Objectives: (Design Principles)

1. Students will be able to explain in a Adobe Collage using already created folios from the News Stand app why they either do or do not follow design principles rules in the folios they explored.
2. Students will be able to communicate their knowledge of how to apply design principles when creating an attractive .ind file through submitting class notes and completing a formative assessment.
3. Students will collaborate with other students to reflect upon the design principles which they identified as attractive during a teacher led Folio critique session.
