WHAT TO DO WHILE I AM OUT
February 3, 2015

1. History of Desktop Publishing Website

Working with your time era group (those you have been sitting with at your table) to complete your page on the 2015 Spring, History of Desktop Publishing Website. The site is linked below as well as the rubric. I suggest your group work in a Google Doc first and then copy the content into your Google Site page since only one student can be on the Google site page at a time. Also, visit the example sites from past semesters which are linked on my Website (with the week outline and class objectives for the week) to get a better understanding of the expectations for this project. Please research your time era in a detailed manner.

- Google Site to Fill In (only fill in the page which your group is in charge of):
<https://sites.google.com/a/natickps.org/history-of-desktop-publishing-spring-2015/home>

- Rubric for Assignment (see page 2):

** Keep in mind as I told you the Tech department and myself can see the activity on your computer at any time. You should stay focused on the task at hand because you never know if anyone of us is watching you- do not give of us a reason to have to watch you!*

NO PLAYING VIDEO GAMES! If I get any reports of video games being played a written reflection on static content in InDesign will be assigned.
