March 25, 2014

1. Priorities to Work on During Class Time

*\* For any additional instructions on the items listed below see the week outline or "In the Classroom"*

- From exploring different magazines on the iPad and the Mag+ Website try creating your own static page. Create your own design on your own (appropriate) topic! I expect one finished page with content and images taken from Google.com (normally we would use our own photos but I do not want you leaving the classroom to take picture.) Take a screen shot of your work at the end of class and share it with me in a Google Doc labeled, "iPad, My Own Design."

Upon my return we will continue to cover Design Principles again.

*\* Keep in mind as I told you the Tech department and myself can see the activity on your computer at any time. You should stay focused on the task at hand because you never know if anyone of us is watching you- do not give of us a reason to have to watch you!*

NO PLAYING VIDEO GAMES! If I get any reports of video games being played a written reflection on static content in InDesign will be assigned.
