

Introduction to Web Design

Week Outline, Week #2

Objectives: (Photoshop)

1. Through learning the basic tools in the Photoshop interface students will be able to: identify design elements when preparing and manipulate images.
2. Students will be able to confidentially choose and apply the correct tool in Photoshop to perform the needed photo editing skills to create a desired look on a photo.
3. Students will show their knowledge of working in Photoshop through digitally editing images as well as completing the Photoshop worksheet.
