

The Natick Cultural Council (NCC) is comprised of up to nine Natick residents appointed by the Natick Board of Selectmen to promote culture and the arts in our town.

Natick receives an annual appropriation from the state Legislature. Working with the Massachusetts Cultural Council (MCC), NCC is responsible for making decisions on how to award the money granted to the town by the MCC in ways that will serve local cultural needs.

These grants are made directly to non-profit cultural organizations, schools, communities, and individual artists, through funding programs that use arts, science, and the humanities to build a strong, diverse, livable community.
