WHAT TO DO WHILE I AM OUT
April 23, 2013

1. Use the class time to work with your group to complete your storyboard for the video and your script. Be ready to go out and shoot footage upon my return on Thursday. If you are using any still photos or stock video footage in your video you may also use this time to collect those files. The only element you should have left to complete on Thursday is recording footage with the video camera which I will provide to you. (Don't forget to review the assignment links which are listed "In the Classroom")

2. If your group finishes as much of the group video as possible use the extra time to create your own video in iMovie on "Boston Strong." You may use any music and appropriate photos.

** Keep in mind as I told you the Tech department and myself can see the activity on your computer at any time. You should stay focused on the task at hand because you never know if anyone of us is watching you!*

NO PLAYING VIDEO GAMES! If I get any reports of video games being played a written reflection on Dreamweaver will be assigned.
