

What To Do While Out

iPad Publishing

Tuesday, December 18, 2012

** If Mr. O'Leary is the substitute then he is able to distribute the iPads (Dominique & Emma can assist.) If you have any other substitute they do not have the key to distribute the iPads so you must complete as much work as possible without your resources on the iPad.*

Use today as a work day just like we did on Friday...

1. Continue to work on designing your six static pages. If you feel comfortable start including any of the three dynamic content pieces: hyperlink, buttons and scrolling text. If you are feeling daring I have also posted a video on how to create a slideshow. All the tutorials to insert the dynamic content can be found "In the Classroom" under the link Video Tutorials on all Dynamic Content Pieces.
2. You always have something to do! If you think you have gone as far as possible then take the time to proof read your content.
3. I will collect your reflections and take home exams upon my return on Thursday.

** NO PLAYING VIDEO GAMES! If I get any reports of video games being played another written reflection will be assigned over the holiday break.*

** Keep in mind as I told you the Tech department and myself can see the activity on your computer at any time. You should stay focused on the task at hand because you never know if anyone of us is watching you!*
