# Introduction to Web Design
## *Week Outline, Week #7*
*October 10 - 13, 2017*

**Objectives:** (Photoshop)
1. Through learning the basic tools in the Photoshop interface students will be able to: identify design elements when preparing and manipulating images.
2. Students will be able to confidentially choose and apply the correct tool in Photoshop to perform the needed photo editing skills to create a desired look on a photo.
3. Students will show their knowledge of working in Photoshop through digitally editing images as well as completing a magazine cover which features themselves and their interests.

1. Mass Bay Community College Visit

2. Introduction to Photoshop
   - Magazines Madness, Building!!!
      Tips: Font Match, Font Download & WIRED Magazine Directions
