Introduction to Web Design

Week Outline
February 2 - 7, 2014

Objectives: (Introduction and Understanding of Semester Keywords)
1. The person who has the same card as you is also the person who you will be sitting next to you for the semester. This lesson will give both of you the opportunity to get to know each other. You will want to be comfortable working with your partner because throughout the semester you will need to rely on each other for help.
2. To grasp a better understanding of the curriculum which will be covered in this course.
3. To push your creative skills! Web Design is a course which you do not always have to do things the same way everyone else may be doing. Try to think of a program to create your presentation which will be new to the students and teacher.
