

**Web Design**  
**WHAT TO DO WHILE I AM OUT**  
March 28, 2014

1. Priorities to Work on During Class Time

*\* For any additional instructions on the items listed below see the week outline or "In the Classroom"*

- Introduction to HTML Worksheet (*this is a different assignment from Wednesday. All the instructions are included on the top of the linked file*)

Complete any of the work below which you did not finish on Wednesday:

- Codecademy, Introduction to HTML chapter assignment

- Additional directions are listed on the linked assignment. (If you did not receive all the badges do not worry but include a screen shot of the code with your name.)

- Web writing/reading assignment (complete page 8 on a Google Doc)

- Additional directions are listed on the linked assignment

- If you do not finish this you must do so for homework

\*If you get stuck ask for help from the other students around you.

**\*If you finish** all of the above challenge yourself with creating your own .html file in TextEdit

*\* Keep in mind as I told you the Tech department and myself can see the activity on your computer at any time. You should stay focused on the task at hand because you never know if anyone of us is watching you- do not give of us a reason to have to watch you!*

**NO PLAYING VIDEO GAMES!** If I get any reports of video games being played an additional written reflection will be assigned.
