# Web Design
## *WHAT TO DO WHILE I AM OUT*
### *March 28, 2014*

1. Priorities to Work on During Class Time
   *\* For any additional instructions on the items listed below see the week outline or "In the Classroom"*

1. File Structure, Pre-Assessment. This in linked in the Classroom.  Be sure to click on the correct class. They are labeled Web 1, Web 5 and Web 6. Do not be discouraged by the questions this is meant to be a pre-assessment, you have not learned this material yet!

2. Introduction to CSS Worksheet (read the directions at the top of the file which is linked in the Classroom)

\*If you get stuck ask for help from the other students around you.

\***If you finish** all of the above challenge yourself with creating your own .html file in TextEdit

*\*  Keep in mind as I told you the Tech department and myself can see the activity on your computer at any time.  You should stay focused on the task at hand because you never know if anyone of us is watching you- do not give of us a reason to have to watch you!*

NO PLAYING VIDEO GAMES! If I get any reports of video games being played an additional written reflection will be assigned.
