WHAT TO DO WHILE I AM OUT
May 27, 2014

1. Priorities to Work on During Class Time

** For any additional instructions on the items listed below see the week outline or "In the Classroom"*

Building Your Home Page!!

1. Start to create the home page for your personal site.

- If you need help watch any of the Dreamweaver Video tutorials posted "In the Classroom"

- Please review the Personal Site Home Page - Rubric which is listed "In the Classroom" for the home page requirements

- To submit: At the end of the class submit a screen shot of what you accomplished in class in a Google Doc titled "Class Name, Home Page Start"

2. If you complete your home page, do a file --> save as and start your second page.

** Keep in mind as I told you the Tech department and myself can see the activity on your computer at any time. You should stay focused on the task at hand because you never know if anyone of us is watching you- do not give of us a reason to have to watch you!*

NO PLAYING VIDEO GAMES! If I get any reports of video games being played an additional written reflection will be assigned.
