

**Web Design**  
**WHAT TO DO WHILE I AM OUT**  
April 14, 2016

*For any additional instructions on the items listed below see the week outline or the "Student Resources" page for Intro. Web Design*  
*(<http://mrscullen.com/studentresourcesintroweb.html>)*

1. Complete the CSS Worksheet. Make a copy of the original worksheet and use <http://www.w3schools.com/css/default.asp> to guide you for the answers.
2. Once you complete the CSS worksheet read the article listed as "Web writing/reading assignment." In a Google Doc you must provide ten key points you learned from reading the article. Title the Google Doc with your key points, "Name of Class, Reading & Writing for the Web"  
(Link to Article: <http://mrscullen.com/Images/writingforwebsites.pdf>)

Both assignments are due at the end of class and if you do not finish them in class please complete them for homework.

*\* Keep in mind as I told you the Tech department and myself can see the activity on your computer at any time. You should stay focused on the task at hand because you never know if anyone of us is watching you- do not give us a reason to have to watch you!*

NO PLAYING VIDEO GAMES! If I get any reports of video games being played an additional written reflection will be assigned.
